

Bar Code Duplication

Making Label Replication as easy as Scan, Peel and Stick.
A specially selected package to make your life easier, help you manage your time effectively, and ultimately increase your work output.

Desktop & Mobile Duplication

A specially selected package to make your life easier, help you manage your time effectively, and ultimately increase your work output.

Produce long lasting, high quality, duplicated barcodes anywhere in your business without the need of a computer workstation.

From Healthcare (NHS) to Library's (ISBN Duplication), we have tailor built packages to eliminate all the worry involved with duplicating labels.

barcodeduplicator.co.uk

Founded in 1990 we are one of the UK's leading providers of Auto ID solutions, helping companies work smarter, building fully integrated barcode systems & solutions.

We supply products & solutions from only leading manufacturers including Zebra, Motorola Toshiba, Datamax, Intermec, Datalogic, Honeywell, Seagull Scientific, and many more!

Making Label Replication as
easy as Scan, Peel and Stick

Bar Code Duplication

Desktop Barcode Duplication

Zebra GX430t

These sleek and compact desktop label printers fit just about any space, budget, or application. Streamline your processes today with these thermal label printers.

Motorola Scanner LS2208

The affordable Symbol LS2208 handheld bar code scanner provides fast, reliable scanning in an ergonomic, lightweight form.

Keyboard Zebra KDU Plus

(Optional) This full-size keyboard display unit (KDU) and easy to read LCD allows you to type codes, when existing labels are too badly damaged to scan.

Mobile Barcode Duplication

We understand that sometimes, labelling on the move is much more productive for you than bringing items to a desk. Introducing our new Android Powered mobile computer, coupled with Zebra Link/OS Enabled Mobile Printers. Working exactly the same as our Desktop solutions, these mobile devices feature a built in virtual KDU, and Laser Scanner.

Motorola TC55

The pocket-sized, all-touch mobile computer that has it all. The TC55 Touch Computer marries rich enterprise features with smartphone usability and form factor.

Zebra QLn320

Drop-resistant mobile printers improve efficiencies throughout the warehouse, shipping, receiving and merchandising. Quickly and easily print barcodes, receipts, and more, on-site and on demand.
